

John is droning on again.

Or, more accurately, since John is licensed by the Federal Aviation Administration (FAA) as an Unmanned Aerial Vehicle (UAV) pilot, he is legally permitted to fly UAVs (commonly called drones) for the commercial purpose of photographing real estate from previously unavailable perspectives - enhancing his ability to showcase his clients' properties that are listed for sale.

This special skill only enhances the over 18 years of experience and professionalism John has accumulated as a Certified Residential Specialist (CRS), John will help you make smart decisions in a fast-paced, complex marketplace to get your home sold for the most amount of money in the shortest time possible. To earn the CRS Designation, REALTORS® must demonstrate outstanding professional achievements – including high-volume sales – and pursue advanced training in areas such as finance, marketing and technology. They must also maintain membership in the National Association of REALTORS® and abide by its Code of Ethics. Work with a REALTOR® who has standing in the top three percent in the nation.

Contact John today: 301-310-3345 – johnh@johnphale.com
